ECMEN PRAYER CHALLENGE TESTIMONY

In the fall of 2021, I heard word of a new ministry for men being launched out of my hometown of Johnstown, PA and with a little social media research, I was able to find my way to Matt Lushko and the ministry of Everyday Christian Men (ECMen). I was immediately drawn to the concepts presented by the ECMen through their website and in a sermon I found that Matt gave to his home church.

In my heart, I knew I found a fresh approach to ministry that would launch me into one of the most exciting starts to a new year that I've had in recent memory. Before leaving the ECMen website, I signed up for the Prayer Challenge where I would commit to consistent targeted prayer for five men in my life.

I brought the Prayer Challenge to bear on my ministry as pastor of Christian Community Church and found myself engaged in deep meaningful relationships with men of my church that was quickly bearing the fruit of discipleship. Recently, all five of my guys attended a men's ministry conference together hungry for God to transform our lives.

In only three months of the prayer challenge I have witnessed men gain victory over sin, receive encouragement for their daily walk in Christ and grow in boldness through faith.

Also during these months of involvement with ECMen, the Lord has reignited a passion in me for men's ministry that has led to an exciting relationship with Matt and the other men at the lead of the ECMen movement where I've been afforded the opportunity to help shape the next chapter in this vital ministry.

I'm excited to see how God continues to raise up everyday Christian men to grow in their faith, know their purpose and live for Christ.

MEN'S LUNCH

MARCH & APRIL

Everyday Christian Men has had 2 lunch events that have occurred in March and April. Lunch was held at Perkins Restaurant with Pastor Jeremy Barkley speaking from Oakland United Methodist Church. The April lunch was held at Balance Restaurant with Pastor Luke Breeze from Emmanuel Baptist Church. Future lunch gatherings will be posted on the ECMen website.

I truly enjoy the opportunity to break bread with like-minded Christian men at the ECMEN luncheons. To have open conversations about life with each other and to learn more about our beloved savior are things that I personally never want to forego.
