## BRINGING BACK MEN TO CHRIST

God is moving through ECMEN!

As we approach 2025 it is exciting to see what God is doing through ECMEN and 2025 has the potential to reach men in areas I never dreamed of when God called me to this ministry two and half years ago.

After a recent trip to Kenya with Truth Connect to present ECMEN in the cities of Nairobi, Eldoret, and Kitale, God revealed the need there and they are excited to be a part of it. We were also able to make connections in Tanzania and Uganda. ECMEN is going international, talk about God doing more than we could ask or imagine! (Ephesians 3:20)

We are already planning to head back to Kenya for the Baptist Convention of Kenya which has the potential to reach more cities and churches in Africa.

I will be traveling to Raleigh North Carolina in January to present ECMEN to a church and possibly another church in that area.

We are still focused on training leaders locally and helping churches grow their men's ministry and the ECMEN Challenge is helping men be accountable and focused more on God throughout their day.

Our focus for 2025 will be on discipleship and getting men into discipleship relationships.

As ECMEN continues to grow, so does the financial need. Please consider supporting ECMEN with a monthly or one-time gift.

*This initiative will bring back our men to Christ. They need to be talked to and be encouraged and challenged about the Gospel. Reaching out to the men will also strengthen families since the man is the head of a family and a Christian man is a strong pillar in the family, community and the church.*

- Bishop Richard Mutua  
House of Hope Rock Church  
Kitale

*Just be ready my brother, ECMEN is likely to take big steps from Eldoret at Glory to all East Africa nations. You better be ready my brother. .*

- Bishop Martin Shikuku  
Glory Baptist Church Eldoret
